Mindful Visitors

Balancing culture with connection

While the allure of the Hawaiian Islands has attracted visitors for more than a century, the true power of Hawai'i is in the people of Hawai'i. For Native Hawaiians and *kama'āina* (residents), this special place isn't just a vacation destination, it's our home. As the voice of The Hawaiian Islands, let's share the stories of the people and places of Hawai'i with genuine *aloha* and respect for our indigenous and local culture. By seeing Hawai'i through our eyes, welcomed guests can experience the true beauty of our islands.

BRAND PILLARS

HAWAI'I TARGET TRAVELERS

We want to attract travelers who understand they are entering a unique community and who want to take the time to learn about our history and culture. They enjoy hiking, beach activities and outdoor adventures and understand their obligation to preserve the environment during their visit. They love traveling, trying local cuisine, buying local to support small businesses and getting to know our people, because that's what makes travel to Hawai'i even more rewarding.

To sustain tourism's positive benefits, we must attract mindful visitors by sharing the values that shape our culture and promoting the destinations, adventures and experiences that are positive for residents, visitors and Hawai'i. We welcome anyone who is curious about our culture, is generous with our communities and respects the values and land we love.

Beyond the Surface

Ma'ema'e Toolkit

There is beauty beyond the surface

There is no denying that Hawai‘i’s breathtaking natural beauty attracts visitors from around the world. But it is the values of its people, the rich history of its past and the diversity of its communities that make the Hawaiian Islands unlike any destination in the world. Our messaging should attract mindful travelers who arrive with open hearts and open minds — and who depart with a deeper experience they’ll long to return to.

HAWAIIAN CULTURE

To share the true beauty of the Hawaiian Islands, visitors must understand that this is the home of the indigenous Hawaiian people. Roughly 1,500 years ago, Polynesians used the stars to navigate voyaging canoes over 2,000 miles to migrate to Hawai‘i.

Today, the Native Hawaiian culture is rich, vibrant and thriving, with the growth of Hawaiian language education, arts, sustainability efforts and cultural practices. This is a culture of *aloha*, centered around *‘ohana* (family), with a deep connection to the *‘āina* (land) that is the key to understanding the unique spirit of Hawai‘i.

MA‘EMA‘E TOOLKIT

The Hawai‘i Tourism Authority's Ma‘ema‘e Toolkit is a comprehensive resource to understand and incorporate the Hawaiian culture. For more information about specific Hawaiian cultural topics and issues, consult the Ma‘ema‘e Toolkit:

GRAPHIC PALETTE

For the Hawai'i brand, colors are reflected in nature. Textural photographs that represent the sea, sky and land can be used sparingly as accent color blocks.

PATTERN

These geometric patterns are inspired by designs imprinted on traditional Hawaiian bark cloth, known as *kapa*. Each pattern has a unique meaning that represents Hawai‘i’s culture and natural beauty. The tighter, closer *niho* (triangular/teeth-shaped) patterns symbolize protection, while the zig-zag patterns symbolize the influx of people gathering and coming together.

Using traditional patterns, even with a more modern and simplistic design, helps to keep our assets rooted. However, it’s important to use the patterns sparingly as they can become repetitive and distracting.

Kapa patterns are available on Knowledge Bank.

A - MALU

B - HUAKA'I

C - LAUNA

D - HĀNAI

Patterns can be used horizontally or vertically.

TYPOGRAPHY

Legibility is crucial when typesetting text in all print and digital materials. A combination of brand fonts are utilized throughout the brand layouts and contain the ‘*okina* and *kahakō* as needed.

- **Orthography:** The correct use of Hawaiian language is important in print, offline, banners, video material and text overlay, and all digital platforms, including social media. The ‘*okina* and *kahakō* not only change the pronunciation, but the meaning of the word they are used in.

The ‘*okina*, or glottal stop, is a consonant that breaks the sound between the vowels it is placed between (a‘a, a‘e, a‘i, a‘o, a‘u). *The kahakō*, or macron, elongates the sound of the vowel it is placed over (ā, ē, ī, ō, ū).

For example, *lanai* means “stiff-backed,” a *lānai* is a porch or a patio, while Lāna‘i refers to the island.

- **Hawaiian Words:** Italicize all Hawaiian words except proper nouns and headings and include their meaning in parentheses if it’s not made clear in context.

PHOTOGRAPHY & VIDEO

Photography and video are critical in marketing destination brands. When selecting images, choose images that are spontaneous, unique to Hawai'i and above all, capture a real, unposed moment.

- Images must reflect the correct island (do not use a Kaua'i image for a Maui ad).
- Images must be shot in Hawai'i.
- Images should not be flipped, skewed or otherwise altered in a way that renders them visually inaccurate.
- Natural beauty is one of The Hawaiian Islands' brand pillars, so images should not be over-edited, colorized or dark.

KNOWLEDGE BANK

- Do not capitalize the "island" in "island of Hawai'i" unless it's being used at the start of a sentence, then it can be "Island of Hawai'i." First reference should be the "island of Hawai'i." Subsequent references can be "Hawai'i Island" with a capital "I" within the same deliverable.
- "Mālama," with a capital "M" refers to the program or voluntourism, versus "*mālama*," with a lowercase "m" that refers to the Hawaiian value of caring for something. This applies to "Kuleana" (Travel Tips) versus the Hawaiian value of "*kuleana*" (privilege or responsibility).
